

I have a Hi def TV and Reciever. I cannot pic up local off air stations. I subscribe to DirectTV I ask for The ABC channel they offer in Hi DEF but was told that YOUR LAWS forbid them from giving it to me. I DO NOT UNDERSTAND THIS. If they have it available, and I have spent thousands on equipement then why am I being prohibited from watching the channels of my choosing. ARE MY CONSUMER RIGHTS BEING VIOLATED?

Please Explain to me the Law that keeps me from getting this CHANNEL

Thnks,

George Scott
